Dude,lv been playing a long time,This isnt a joke.My admin friend said he actually had 119 befor he kicked.You know the kind of kills you get when you lay down a c4 in a populated building?Thats what was happining with him and a shooter,You dont understand,This guy would charge alone from his base all the way to there my base and kill everyone in the tunnel with one shooter.You tell me how you can win a 15v1 shooter fight in a narrow spot?Without using c4.
