if you watched it all, the music is coming from the static the tesla's are releasing, not actual speakers.
SHOPPED!

No I'm kidding. It's pretty cool...

It annoys me because people yell "SHOPPED" every single fucking time a cool picture comes up. It's even more annoying when they yell "SHOPPED" if the picture is obviously shopped.

Stop trying to act smart and making yourself look like some kind of superspecial detective. No one fucking cares if a image is shopped or not. The Tesla Coil thing is cool.
