CrimsonIsn't it convenient that no screen shot exists of this guy with 117 kills? With like 40 people in the game? Whatever.

I think \*someone\* must have gotten some of his friends to make accounts here and raise awareness of aimbots. FFS.

Crimson,You of all people should know then sence you go to clan wars.cc

The admin of mizzo kicked the player with 119 kills,everyone on the server was also saying he was using one.You could even see by the kills.The Chat box would be empty then suddenly full with kills from one person.

BTW Westwood exposed already hosts an aimbot on there site.Its the color aimbot form counterstrike. <http://search.yahoo.com/bin/search?p=renegade+aimbot&ei=UTF-8>
