Félicitations, Crimy!

That reminds me of my older post where I correctly guessed that you are from France, without knowing anything about you. Funny huh?

Anyway, I don't really see the need to make a thread about this, but since they both met through forums, I guess it kind of makes sense.

I'm from Belgium, as my little flag shows you. And my mother tongue is Dutch, my 2nd language is French though .

Goes to show how lazy brits are, only a small amount of the population know a language fluent enough to have a conversation. Yet, you know at least 3 and many other foreign people i have met all know at least 2 languages. Heck, some of us don't even know our own language never mind others...

I'm not meaning to go off topic, but meh.
