Yes it is possible to make a map entirely in LE however:

1. You can't drag verts around so your cliffs will look blocky.
2. You can't generate VIS data so your map will lag like a bitch.
3. You can't make tunnels of any description.
4. Your tib fields won't damage people.
5. You can't undo anything once you've made a change to the map.

and so forth...
