I did what you said Gen

I put the .tga textures in the mod folder. And it still did not work...but i tried a range of textures and wierdly some worked and some didn't!

Like the one i wanted, the grass texture did not work but the Ceilingfan texture did LOL, so did the Tiberium Texture

Here;s an SS if ya wanna take a peak  
Please help, this is wierd...simple textures aren't working
