None of that makes sense. I wish every country would just get laws straight....If they are in your home illegally with intent (any intent, whether assault, rape or robbery) you should legally be allowed to do whatever to secure your property and the safety of all those involved.

I disagree with charging someone for murder if that person did not "Pull the trigger" for lack of a better term. Because it isn't by the definition of 1st degree murder, 1st degree murder so why the fuck is he being charged with it? Doesn't matter if he is black, white, pink, blue or green with red stripes.....same thing goes for the "victims"

Some laws both in the USA and here in the UK impeach on basic human rights IMO.
