CNCMods.net is the new home of SDK Extras, tools designed to extend the functionality of the EA provided SDK and do things not possible with the EA Tools. CNCMods.net is also the home of the C&C3 Editing Wiki which is intended to become the #1 resource for tutorials, tips and knowhow for editing C&C3. It is also intended for the Wiki to become a comprehensive document on everything that is known about the internals of Command & Conquer 3. And finally, CNCMods.net is going to be a site dedicated to all things Command & Conquer 3 editing including news and content.

The aim is to bring together the top modders in the C&C3 community and create a site dedicated to all things C&C3 editing.

Visit www.cncmods.net today, sign up for the forums, add content to the wiki and generally give feedback on the site. With the help of the community, CNCMods.net could become the #1 site for C&C3 editing and modding.
