What the hell kind of logic is that? I'd be all for them getting 200 lashes and then put in front of a firing squad, but why is this blame on the woman? She was just minding her own business. The Mid-East is fucking ridiculous. It isn't her fault, what a fucked up government.

It's the fucking religion that is behind this. If you look at the problems in the Middle East, you can see it's much more than oppressive regimes. Failure to see the root of the problem is why these problems remain unsolved and more problems come up.

If Jerusalem and Israel were just a real-estate issue, then it would have been solved long time ago. But no! We have idiots who think God gave it to them and also it's holy cuz pimpster MuhaMAD went up to paradise from that rock. FUCKING BULLSHIT. Burn these muthafukas.

If we say something bad about Islam, these Muslim activists bastards would be on our asses trying to push their fucking "Islam is a peaceful religion" bullshit. What they don't get is that the Koran was a highly-modified version of the Torah/Bible (damned Jewish poetry) that was very cleverly written by that pimpster MuhaMAD to control the masses.

What's a better way to get men to fight on your side other than writing up fucking laws that give them total control? Saudi Arabia was a ragtag bunch of kingdoms which MuhaMAD managed to unite by mind-controlling the men with his writings. Now the descendants of these men terrorise the population (especially women).

I am convinced that if these Arabs don't change and they keep trying to force their filth on others, I can see them completely wiped out OR reduced to shit by the year 2100.

Only Allah knows how many of his slaves saw this post and were inspired to "slaughter" the poster lamb-style.
