These muthafukas piss me off MORE than Allah's slaves.

These people believe in the Rapture and they are all "end time" fanatics. Like get a life and think outside the litte Bible box retards.

My anger against these Christians really shot up especially during Israel's short and humiliating war against Hezbollah in the summer of 2006.

All those end-time fanatics went online, they went on rallies, and they went to the media saying the "Jesus is coming-war is starting!" bullshit.

Hell, even idiot CNN aired these fanatics who were all hyped out about the fact that war was starting and these idiots kept talking about Armageddon and the end-times. These Christian fanatics do more to spread the fire than solve it as it it apparent by their blatant excitement at any Israeli-Arab war related news.

These warlusting pigs actually ENJOYED the war rather then worry about any of the consequences.

And I don't even want to talk about those warmongering Zionist criminal pigs. Greater Israel my ass haha...in this aspect, a nuclear Iran can teach them a lot of self-control.

Your anger is misplaced. While you shouldn't hope for war, beliefs are beliefs. Do I believe the rapture will happen? Sure, but it probably won't happen in my lifetime. Especially since my life probably isn't enough time to waste away a second on the clock since creation.

Religion isn't a bad thing, but Extremism is. That goes for atheism too. What these people do is their personal responsibility and generalizing an entire group because of what a small group of people do is wrong.
