religion's basically a knife, it depends what you plan on using it for. if you're already an intelligent, tolerant person then religion is probably gonna be good for you, and when you look in the holy scriptures you'll focus on the peaceful stuff. if you're already a stupid, intolerant bigot then when you look in the holy scriptures you'll see what you want to see: war, more intolerance, more bigotry, and you'll use it to excuse the asshole you already are.

If you use it to gain inner peace and whatnot, then it's absolutely fine. It has no business in anybody else's life imho, it's personal and should stay personal
