I used to think High School was hard, until spending time in college. High School is nothing. I wish I could go back to those days and only worry about 1-5 page essays that were easily graded....

Other note: Play sports, work out. Those alone will secure you in High School. Me and my best friend were the strongest people in school. Football was amazing, so was wrestling. Don't pass up those opportunities to play sports, you'll never forget it.
