Javaxcxl acknowledge the existance of the clickbot. I deny it's ability to give the player the advantage in a sniper match. I deny the existance of a wallhack cheat. I know the exploits, but since they are were glitches in the game, thats not very well a cheat, now is it?

Yes. Exploiting glitches in a game would be cheating. If a game has a certain glitch, and you work it to your advantage, you're cheating.
