Hello,
i have a problem with the plug in (server rules) version 1.3
I become a error message from BR

error found in Server_Rules.pm:
Unmatched right curly bracket at plugins/Server_Rules.pm
line 49, at end of line syntax error at plugins/Server_Rules.pm
line 49, near "}"
Compilation failed in require at <eval 235> line 1.

Wat cane i du with this error?

Sorry for my englich, I'm from Germany.
