This was the meltdown for reckneya, he started flaming at me!

he said im not a good leader  
im not serious enough  
reckneya said also:  
i want to start the coop clan as something serious and i dont want you to have it and end it to shit.

i was offended by that.  
i said fine i leave  
so i did.

reckneya refused to talk to me and banned me of all the servers...

and for revenge i have taken the renz0r.com domain and refuse to give it to him.

Except for all the other obvious lies in your post, I like to comment on this:

This here is pure bullshit and a clear example how you try and twist situation and put them in a wrongful order.

You either do this cause you want to spread lies and get people to side with you.  
Or you do this because you don't even remember the chronological order in which things happened, and make this out of it, forgetting you did what you did because you're an enormous asshole.

You got banned from the forums after deleting the site!  
Then you decide to come and play on renz0r servers.  
THAT's why I banned you from every of my servers you provokingly joined.  
What did you think I would do, let you enjoy playing on servers I and the other generous donators of renz0r pay money for?

You got banned cause you were obviously not welcome anymore.  
And you KNEW that!  
Your lil blackmail plan was just because you are a childish sad and most of all a small person.

You deleted the site cause you could not live with the fact I was gonna move webserver and succeed in it.  
It would mean I was no longer depended on you to get you back in after what you did on the box.  
So you tried to sabotash it.  
Mission failed.  
So you try and steal the forum license.  
Mission failed.  
Out of frustration, realizing you really weren't gonna get unbanned you use the last and final thing you have against us.

The domain.  
Now we don't need that anymore either  
Mission failed again.

Now stop lying to convince people here (and maybe even yourself?) it was your right to do what you did.  
You did not have any right to do what you did.  
You just refuse to accept you got yourself in this position.  
And that is not my fault that you are like that.
