Dreg it's cool now, you can drop it.

Rest assured nobody important will ever trust Recon again.

It's a joke to me he makes this offer after what he did, and even so close after he did that.

Shows how ignorant he is.

So please do drop it, Recon has had enough punishment, and he clearly shows he does not need us to make a fool out of him anyway, he can do it himself.

As for the topic at hand:

I like the current skin.

I got used to it and it just kinda belongs here for me.

But on the other hand, for those who want a different skin, it would not hurt to add one or more skins and make them selectable through the profile.
