Yea how does that make sense "join a group of people to stand against people in clans" <(can't exactly remember what it was) a group of people could also be a "clan" if you don't want to be known as a clan don't start a group of people or "clan" just be by yourself!

P.s also to add on to that a "community" could also be counted as a "clan" a large clan but a clan none the less.
