VegitoQuote:CaptKurt01, I won't hesitate to have you banned. You're nothing but a troublemaker, so either watch yourself or get out.

Nice threat. Too bad crimmy already said your not going to have any power here. Go ahead and get him banned. If he is banned from you half the community will leave because everyone hates you. Nobody will stay around if you have any semblence of power.

So stop talking out of your ass and go make more maps with errors or fix your current maps errors or make a map without errors.

So you go from "You're a kid compared to me" to "Your maps suck and everyone hates you."

You're pathetic. Please pick a personality and stick with it.
