Everything you post has absolutely no value to these forums. You obviously think you're more valuable to this community than you are. Please, just quit while you're ahead (that includes the annoying image macros).

For godssakes cheese, you smite everyone you come acrost.  
why do you doo it? why must you be such an ass whole to eberyone you meat? well you know what? you suck. what the hell have you done to help this community? always bringing people down. if you dont like his god damned images, then help him make better ones so you dont have to look at the crappy ones anymore! and you know what, i like the old saying "dont point out the speck in someone elses eye untill youve removed the log in your own!"

i should just put something here so utter stupid and pointles that it will make you twitch into a coma never to awaken and plague this world again. i hope you dont treat your wife or girlfriend that way. and if your single, its no wonder. i say to you: GO TO HELL. ill see you there shortly.

eyem gonnah mispeel eberytheeng en thish sentanse justah two mayke yoo taweetch!
