Druggies do drugs because they want to, addiction is just an excuse to justify the terrible things they do.

That is probably the most uneducated thing I have ever heard you say.

I, actually, agree with him. I doubt most of the "addicts" are truly addicted. It's just a cop-out, so they can skimp on personal responsibility and keep doing what they desire.

Either way, you get rid of welfare, let people put whatever they want into their bodies, and then watch as nothing gets worse!
