Dave Anderson wrote on Tue, 11 December 2007 01:32I have a BFG-Tech 7800GS (Agp) card I cannot use anymore and I am selling it for \$100.00USD + \$8.50 S&H. (~70.00USD cheaper than Newegg's new EVGA model). If you're interested please send me an email to <dave@dcomproductions.net>

Sorry to post this kind of thing here, but I don't want it to go to waste and maybe someone would have a use for it.
