razorblade001 wrote on Mon, 10 December 2007 13:58 That isn't racism... It is proven that large portions of races conduct themselves in a specific way or have specific characteristics. Also, if it is on a school application or a job application, it is probably something that is used to tell the board where you would be more comfortable. If you would be more comfortable with people you are more accustomed being around and what not.

It is more of a "get to know your personality better" thing that a racist thing.
where on earth did you get these ideas from?
