It's just animated and Japanese. Personally, I find animated shows to be much more entertaining. Last I checked, The Simpsons, Family Guy, South Park, and all that are all animated. But somehow, they're among the most popular TV shows.

But hey, I guess reality TV is much better than that. Disregarding the fact that it's about as real as a cockroach killing the core defender.

This coming from the guy that got me into FMA....
