Scrins is the best by far... He DESERVES credit, and what is on his HUD and game is already able to be declared not cheating with common sense.. Is it like he made those models for advantage? Obviously not if they have ANY style to them... His HUD has shown no cheats so far, unlike Kanes, which is pretty suspicious of him using cheats even if it IS on LAN? People have been banned for smaller things... Lke fuck you guys are retarded... I hope scin never releases his, and simply horde's it to himself and trusting people... Btw, he's shared some stuff wth lots of people.. I wouldn't be surprised if Canada simply re-skinned it.. I'm not making any occupations though.. But like.. Fuck, you guys are so stupid sometimes...
