Do we have any mappers that would share source of their good maps with C&C Reborn?

Right now we are looking for good (or excellent) infantry maps for our incoming public release. (Currently we have 2 infantry maps that are being tested by the staff and the testers.)

Shortly after this release, a version with vehicles will be released.

As soon as we have weapons fixed (shouldn't be long) and some more maps, we launch the public beta.
