I asked for those last summer or something like that
I shall post on the reb forum about it.

Anyways I managed to salvage some work off my old computer which is on its death bed...

A map for normal renegade but included some reb units and something else never before seen (I can't tell as I may yet finish it):

Also some R1942 stuff, this was modelled from the Battlefield screenie in the top right (it is now fully textured):
