Crimson wrote on Wed, 09 January 2008 12:02 This arguing doesn't belong in the mod forum.. moving it to Hot Topics where it now belongs.  
omg, its boss #1

and you want to know why i edited right corner?

ok here it... first time i wanted to put my logo in that corner, but then i get that ren style sig logo... but i forget remove first logo, so i erase them

and why the fuck i must use ugly ren bulding icons?????

i can put your ass image on it and be happy....
