MWright968 wrote on Wed, 09 January 2008 11:17st0nec0ld the known cheater plays there because he is banned from basically every other server, but for some unknown reason the admin won't ban him, so he continues to play there...

fI00d3d still cries about my league and the fact that st0nec0ld was "framed by clanwars.cc staff"... which is ironic seeing as how the person who framed him (jschultz) is the same guy fI00d3d went into business with to start a new league. That's doing well by the way, something like 3 games spread over 6 months
