i think it's okay to abort if the baby is going to be born super fucking retarded with like no arms or legs n 1 eye and will only live for a month anyways, or if they come out like sadukar.
Jealous I got a higher IQ than you?

Rocko has an IQ?

Anyway I am pro-life...from the simple fact that every innocent person deserves to live. This talk about the baby having a screwed up life is kinda stupid...let it grow up, if the kid doesn't want to be alive thats his/her choice not the mother's. I believe that human life begins as soon as the sperm hits the egg...steps taken afterward to hinder its growth and/or kill is abortion which since it is the act of purposely killing a human..is murder.
