Vauge. What do you mean to say by this? Unmatched in what?

MWright967 wrote on Fri, 11 January 2008 16:55- Its on good terms with most countries

Because countries that aren't on good terms with the US tend to find themselves overthrown or bombed back to the stone age.

MWright967 wrote on Fri, 11 January 2008 16:55- It has the least problems in terms of benefitting the poor

I would hardly call benefitting the poor a "problem".

MWright967 wrote on Fri, 11 January 2008 16:55- Its the most technologically advanced country on earth (NO. It is not Japan. This is a retarded misconception. Japan has the best technology in things like, cameras, computers, etc. However, for weaponry, it comes no where close to America).

Technology doesn't just mean military technology.

For the record, Japan and the greater part of Europe have been ahead of the US in telecommunications for about 15 years now. If you'd ever traveled beyond your state, you might know that.

MWright967 wrote on Fri, 11 January 2008 16:55- Has lasted over 230 years, which is more than I can say for many countries.

So? My motherland of Bulgaria has lasted as an independant state for 1300 years, and it would've been longer if it wasn't for the damn Turks.

MWright967 wrote on Fri, 11 January 2008 16:55- Has an unsurpassed army training programm, and the most well equipped troops on earth.

Which means little to nothing outside military affairs.

MWright967 wrote on Fri, 11 January 2008 16:55- Trades with nearly every country in some form or another

Who doesn't?

MWright967 wrote on Fri, 11 January 2008 16:55

- Has one of the highest money values of any country

Hah. Funny. All of Europe has a higher "money value" than the US. (The Euro is worth about twice what the dollar is. The pound is about triple). Fuck, even the CANADIAN DOLLAR is now

worth more than the US dollar. How pathetic is that?

MWright967 wrote on Fri, 11 January 2008 16:55- Has one of the best immigration policies in the Americas

Oh? And which immigration policy is this one, exactly? The one that lets in all the illegals and terrorists, or the one that keeps out people with a legitimate reason to come here?

MWright967 wrote on Fri, 11 January 2008 16:55I can keep going on and on. Point being, America, in my view, is the most successful country.

Of course you'd say that. You're an American. You've been fed this BS by your TV since your early childhood. The thought that another country might be "better" than yours is unfathomable.
