I got !forcerg'd for killing the refinery and the power plant on volcano... "ruined the game for gdi". N00bstories is a joke overall.

Boo hoo! You don't want to run RG? It slows you down? Hacks your HD? Makes you ugly? Too bad. If you don't run it and you do something suspicious, you get !forcerg'd. Just run RG, you pussy. Everyone else does. It's a small price to pay for a small assurance against cheaters. Or are you too young to remember the days before RG?

Hardly. You want assholery you go to st0rm or something. We're downright lovely and pleasant at n00bstories.
