Yeah. This was in that "Assassinate Tratos" mission. Instead of killing him, I decided to dick around and kill every other unit, wall and structure that I couldn't capture. It took a while, especially luring the floating MLRS out to dry land where I could get them. In the mean time I had like 12 refineries going and who knows how many silos...

In the end I got Tratos using GDI's own Hunter Seeker.
