Sn1per74* wrote on Tue, 15 January 2008 19:37Okay, about the election. What do you think the most important topic is? My vote is economy.

That should be on everyone's mind. However, it seems candidates are campaigning on 'change' , and I have yet to have any idea as what 'change' is.

Turning back to the economy, I really don't know how the president will deal with the situation. Reconciling economic issues is going to be so painful to the American population that I doubt a president who oversees a "sound" economic recovery plan will last even one term.
