Those little bits of whatever that float around?

I said this because i don't like them. Feels horrid as they rub past your muzzle...  
COMPLETELY OT: Do you have canine DNA? No, so quit acting like you have a fucking muzzle. If you like to fuck people in animal suits, fine, but being "in touch" with your "animal side" is a bit much. As far as I'm concerned, humans ARE animals, so you can't be two creatures at once. You're not a fucking mythical creature.

Hmm... Let me think...

Cheesesoda, You go on and on and ON about your age and your maturity and all that, and this just proves all your bragging at "oh I'm so mature" wrong. Follow the "If you can't say anything nice, don't say anything at all" policy, and do us all a favor. People have different tastes, and skin colours, and different sexualities. Swearing at them isn't about to make them change, so sit down, kick your feet up, and have a nice hot cup of shut the fuck up.

And this goes for the rest of you, Yeah, so what, he's a furry. Get the fuck over it! If Blazer suddenly turned around and said "I like guys", would you all immediately hate him? If so, I suggest you grow up. I've talked to Zion Fox many many times, and he's a VERY nice person. Just because he adds in the occasional furriness doesn't mean he's a freak. Consider other people's feelings. Seriously. Put yourself in their shoes and imagine how hard it is for them, what with all the abuse they get. Homosexuals, Furrries, and "different" people in general are ALL brave, for being able to take the crap that gets thrown at them EVERY SINGLE DAY!

Rant complete, cue flame thread.
