The map was Field and the sbh would have alot of c4 on them going off. But the people doing it were regulars to the server but i wont name names.

I could deal with it if it were a acceptable tactic but. I have seen someone throw multiple c4 like that. And throwing it that fast was not intended at all.

Hell one time maybe like 3 or 4 days ago we was playing a map. And nod had most of our building destroyed but the WF. And one of the players on our team i don't remember who wanted the map to end.

So to stop people from repairing the wf he used the c4 thing to cover the MCT.

Before i forget can someone plzz move this topic to the renegade forums i posted in wrong one.
