...He said he doesn't use that nickname, jackass. Why the hell would he say "I use a different nickname" only to have it be his forum name?

Also, troop, the "quite a few games" was sarcasm. I've played alot of Renegade, probably more than I should have.

But unlike you, I'll be honest about that fact, instead of changing my opinion about it depending on the situation.

Furthermore, why the hell would he lie about that? The fact that he doesn't play Renegade online atall, then? What the fuck would be the point of that?

Therefore, what the hell is the point in your post? Oh right, none. Forgot, you never make sense.
