OH THE IRONY!

I'm sure found time in between all your square dancing at work to do all taht research for taht lil web page you made for ACK. :rolleyes: Wow, finding all that information must of taken awhile for you. And last tiem I checked weren't you a little too old to be using "Dude"?

All this from someone that can't even spell, Wow.

Sorry Mister Perfect, I forgot you are God's gift to the world.

Lets see....(as I await for 60 seconds to go by)..

"dumb ass"

Sorry I don't have all day to sit here and triple check what I post :rolleyes:

I guess you would have us believe you're just to important and busy of a guy right? Give me a break , dude, you're a dumb ass.
