luv2pb wrote on Sat, 02 February 2008 16:40 This is a true fact (google it lol). Yahoo leases Google's search engine for their search. So no matter if you google or yahoo your still googling.

Click me || And ME!

They WERE powered by Google. But they bought out Inktomi which owned other search engines like the AltaVista search engine. But they didn't feature any of those engines on their own website. Now, they used Inktomi's search engines and Google's search engine as a starter for "Yahoo! Slurp" ^^

(Source: Combo of Wikipedia and that link above ^^)
