Imdgr8oneCaptkurtImdgr8oneYou crack-a-me up too Captkurt, you just got 0wnt by SP.
And if you were standing in a pile of dog shit, you wouldn't see that either, I guess this is above

Yep, I'm sure you've seen me standing in a pile of dog shit. ANd btw- what does this have to do with the subject? Why don't you reply to SP? Scared because you know he just proved you wrong?

He already knows he's been proved wrong. He'll just reply with another "Ya crack-a-me up." or another one of his usual, lame replies. Maybe if we're lucky he'll go to an online dictionary, find the largest word he can spell (Hey, there are alot of words that are under 4 letters that he can find. He'll probably just find and memorize a larger one like he's done with "narcissist" and "epitome".), and try his best to sound smart and mature (Yeah right). It will just come out as a grammatically incorrect and incoherent rambling (like his usual posts).
