LOL @ GOKU. Glad to see you FINALLY admit to me asking you and then you being "busy", quite funny how your story was different a few months ago.

So, if you didn't tell your people to not play us, how come everytime we asked (atleast a few times according to even yourself), what happened? Your story doesn't make sense.

Funny how many people have asked to play, and I'd love to make em famous on youtube, yet not a single one of em has added me, or paged me ingame. Sounds familiar? Ya, because thats what always ends up happening anyways..

Keep talking shit more, but ingame I'll have my fraps running.
