EA-DamageEverything wrote on Wed, 06 February 2008 09:51 Instead of beginning from scratch, DL the Coop-Mod from Game-Maps and modify it after having a look how it's been done.

SSCoop is a better version, it was meant to replace the old version, but we never got around to doing it, we did have a few maps running it, but not a full set, RenZor is using the latist version of Zunnies coop.
