Okay I have a problem and a question:

PROBLEM:

When I make a script_Zone_All and I add the script JFW_Repair_Zone and fill in the parameters it does not repair the character, vech, or whatever. So what am I doing wrong?

QUESTION:

Is there a way to make a bot enggie follow you around the map and when you loose hp or armor they repair you? This is for an SP map and or Multiplayer Practice.
