when i first started plaing this gme 5 years ago people were more smart with sbh`s.

now is they see a sbh they chase them shooting at them but then they just ran after them casualy.

also now more and more people are planting nukes with sbh`s but then they did a APC rush with sbh`s in then let them out nd they will do a beacon rush. now they plant single beacons becuae then there were no people scanning the base.
