They're pretty cool

I did not take your criticism/questions as an offence. Sometimes I reply to answers without thinking about conveying my mood. I did not mean to come across as defensive, just responsive to the questions.

This is one of my many flaws, it is not intentional. But I can see why sometimes people might think I am being short or abrupt with them. It is not done deliberately.

I agree that the mode could do with more added to it. Better spawn POW's (this is something I want to do, and do well) and perhaps different characters. I will endeavour to release a new version of this sometime soon.
