Originally Blue wrote on Wed, 27 February 2008 20:26The belief that the sun was in the center of the universe didn't have anything to do with Christianity, not that I know of. It was a general belief back then, like how we think that cheese is made of milk today.

Your Bible reinforced those beliefs. And all this from a book that is claimed to be the inspired word of the all-knowing God (with capital G).

warranto wrote on Wed, 27 February 2008 13:17Rocko wrote on Mon, 25 February 2008 21:35if people were not force-fed christianity from birth and didn't learn about it until their teen years or at least like until high school, I wonder if anyone would still be foolish enough to believe in that ridiculous shit.

Quite interesting how a number of Atheists convert to a religion well after they become adults... some who are revered in many intellectual circles.

Bertrand Russell from the "intellectual circles" said this:

Quote:There is something feeble and contemptible about a person who cannot face life without the help of comfortable myths and cherished illusions.
