Also, could you ever play on the MP-gaming server in the past? Maybe it just hates you. Get Skills.

Skills have nothing to do with his skins, infact, it's his counter to certain skills... if a sniper tries to hide somewhere, under the normal skin, the sniper is then mostly invisible; with his bright skins, he/she is not, hence on his screen, and his screen only, the sniper is visible and he thus gains an advantage.

Go make your Own skins then.
Just... stop talking. Really.
