---

i got the same error

1.installed renegade

2.go ingame and installed the patch

3.get to playing ingame

4.get renguard notification and i download renguard

5.installed and start up C&C:renegade by renguard

6.i get this lame error (check above)

7.i tried the bandtest.dll posted above ( same error)

8.i'm desparate and posting on this forum
