CanadaCDN is actually making a point, I tire of the lack of moderation in this subforum. I feel that some sort of rule regarding "useless" threads should be made. TBH, this is going nowhere. Can this please move to the spam section? That's all it is. I don't need to respond any further to his posts, they don't get to me at all. Clearly, and ironically, it does bother him, else he wouldn't post.

Canadacdn for mod? (Of more than Spam Fest)
