Dude, are you fucking kidding? That was a joke I added as a quote to our quotebot. MSwindows, the intelligent person that he is, said this...

Quote 283:   12[+ MSwindows 12] How did you know that he was hacking from IRC SF1? --   12[+ MSwindows 12] With counter hacks   12 [+ MSwindows 12] tracers [Added by SF1eagles on Wed Mar 05 15:27:14 EST 2008]

And we do have right click detection, we don't ban based on it though, many people right click because it is more convenient for them.

Always so much shit about St0rm here. (Not saying anything bad about the forums, just some of the posters.)
