We had one of those before. Icewolf and Cat998 i believe were voted to be moderators. Icewolf left due to inactivity, but Cat's still here, and active due to some of his recent posts.

Due to the vast amount of users in this forum under the age of 17, and under the mental age of... Hmm, lets say... 2... Said poll may become corrupt and just filled with spam (if it's the same system as last time, users said a name, and then those names were placed into a poll).

YSLMuffins, Nightma, Doitle, and myself are the only people left that were voted in by the community. Everyone else had it given to them.
